Welcome to Holy Family Prenatal Care!

Holy Family Prenatal Care provides family-centered prenatal care and health education to Medicaid-eligible pregnant women in the Miami Valley. Comprehensive, accessible and affordable prenatal care and health education are the best ways to improve pregnancy outcomes. They are also the foundation of a healthy pregnancy, a safe birth, a nurturing family and a viable community.

At Holy Family Prenatal Care, we view pregnancy as a natural process rather than a diagnosis that requires medical intervention. We believe that a woman's body was created to conceive and to carry new life, and our staff is here to assist you on your journey to motherhood.

Our office is conveniently located on the second floor of Elizabeth's New Life Center and

provides a welcome alternative to the large hospital clinic setting. Holy Family Prenatal Care utilizes a Collaborative Care Model in which doctors, midwives and a nurse-practitioner work with you on an individual basis to provide the very best prenatal care. They are experts on the best ways to deal with the changes in your body, and they work as a team to pursue optimum management of your pregnancy.

We know that pregnancy can be exciting and life-changing while also confronting you with many difficult challenges. In order to assist, we provide a range of services and programs that include social services, individual and group education, as well as material assistance to help you obtain needed items for you baby. Our patients also have the unique opportunity to receive prenatal care while applying for Medicaid because early prenatal care (before 12 weeks) leads to better results.
